

WARNING!

street drugs are contaminated with

DEADLY FENTANYL

100X MORE POWERFUL THAN MORPHINE WITH A LETHAL AMOUNT BEING 2MG

An extremely powerful synthetic opioid that when ingested can result in sudden death. There is no safe dosage of illicit fentanyl.

LETHAL

FAKE DRUGS SOLD ON THE STREET OR ONLINE CONTAIN FENTANYL

FAKE

Fake pills appear identical to legitimate prescription medication, or look like candy, but actually contain illicit fentanyl. Don't take any pill that is not prescribed to you. **One Pill Can Kill.**

DANGER

Illicit fentanyl is found mixed into all street drugs, including heroin, cocaine, and methamphetamine. Most victims of fentanyl poisoning did not know the drug they used contained fentanyl.

POISON

MURDER

FENTANYL IS THE MURDER DRUG

When you get caught dealing it, you will go to jail.
